<b>Location</b>	MDPH Lab, Jamaica Plain
<b>Date and Time</b>	12/21/11; 3:00 pm
<b>Interviewer</b>	Steven Chilian, Deputy General Counsel
<b>Union Representation</b>	Declined

The witness, Shirley Sprague (SS) is an Evidence Officer. She was asked to recall whether she had a conversation with Elizabeth O'Brien (EO) about an issue concerning the transfer of samples to AD in June 2011.

SS responded by recounting an event that occurred in June. She stated she had been entering the results from some control cards that had been submitted by AD. The computer program, however, did not show the samples as having been assigned to her for testing. SS stated that this was the first time she had experienced this issue. The witness stated that she went through about 5 or 6 samples and then called Elizabeth O'Brien to inform her as this was very "weird." She stated that she also checked the log book and noted that there were no entries documenting that the samples had been transferred to the AD for testing. SS had no further involvement in the case.
